BIOGRAPHY

Peter Michael Davison is a versatile and multitalented composer, orchestrator and conductor with a diverse portfolio of award-winning international projects.

Peter is currently working on an exciting new console and PC release with UK-based audio team Rev Rooms. He orchestrated and conducted the acclaimed PS4 epic, 'Horizon Zero Dawn' (2017). The music received multiple awards including an Ivor Novello and a BAFTA nomination. Peter returned as conductor and orchestrator for the sequel, 'Horizon Forbidden West', and the eagerly awaited downloadable content, 'Burning Shores'. In 2022, he composed the original score for 'Warped Kart Racers' (Family Guy IP), a new flagship release animated game for Apple Arcade, in collaboration with the games company Rev Rooms/Electric Square and Audio Lead, (ex-Pinewood) Gavin Shephard.

Peter composed additional music and orchestrated on the Illumination/Universal feature animation 'Migration' for John Powell, and was the lead orchestrator on the 2024 Richard Curtis animation 'That Christmas.' Animation is very much in Peter's blood – 2024 saw Peter compose the music for Mali Elfman and Peter Scalzitti's children's horror animation 'The Scariest Skeleton' and Trevor Hardy's animation 'A Right Royal Sprout' which aired on Channel 5. He has composed for feature animations such as the multi-award-winning kids' film 'Strike!' (Amazon/Apple) and the stop-motion animation Instagram sensation – Andrea Love's debut film 'Tulip'. He composed the original orchestral score for a series of shorts for SKYKIDS entitled 'Christmas Crackers'.

In addition to Peter's animation film work, he composed for multiple features and short films including the Aboriginal feature film 'Emu Runner', which was nominated for Best Independent Film at the Australian Academy Awards in 2019. Another notable work is 'Suspect', which won at the 2022 Global Shorts in Los Angeles. He has recently completed the retro 1970s-style score for the American horror feature 'Wineville'. Alongside Peter's score for the 'Warped Kart Racers', Peter's affinity for Jazz can also be seen in the 1950s 'Charlie Parkeresque' score for 'How to Succeed in Biscuits (Without Really Trying)', directed by Tania Emery (The Bill).

For television, Peter scored the ITV documentary 'WACO untold: The British Stories' and composed BBC Two documentary 'The Stormtrooper Scandal', both directed by BAFTA-winning director Stuart Bernard.
